

**D**ear colleagues,  
 It's a great pleasure to open with this introduction and before you lies our newest version of the Newsletter.

I'm still feeling the energy of the EAGT/AAGT Conference and so I hope you'll appreciate what you will find inside.

I'm very happy because three new persons decided to become member of our Newsletter team.

So I would like to give my welcoming to *Arpad Mondok*, *Alessandra Merizzi* and *Cristina Comanac*. We are always ready to involve other people from the Gestalt community.

I would also like to push the GB

officers to encourage them to write something about their country. I'd also like to invite all EAGT members to send us something for the Newsletter section: "Creative Zone".

I hope it will be a Christmas full of special gifts.

One of these gifts are for special persons that did a huge work for EAGT

(and I hope they will continue, in some way, to do that):

*Gianni, Jelena, Joppie and Guus.*

*Michele Canavò*
