

Dear EAGT members,

We are aware that **phishing-mails** are in circulation, using fake email-addresses from EAGT EC members or email addresses from other individual members. These email addresses appear genuine but **DEFINITELY are NOT**.

We would like to make you aware that EAGT would never ask for any financial support from anybody on any level, neither personally nor professionally.

We strongly advise you not to respond to them. We would also like to advise you that this irregularity has been reported to the police and is being attended to.

Best regards,  
Beatrix Wimmer  
President EAGT
